The WordPress Dashboard

The Dashboard (wp-admin) is the first screen you see when you log into your website. Its purpose is to give you a comprehensive overview of your site at-a-glance.

After logging into NUsites click the profile icon found in the top-right corner of the page. This will take you to the WordPress Dashboard. (Highlighted in gold).

Reviewing the dashboard, you will find information about your user profile, the website activity, and more.
