

Charles A. Alutto '88
Former President & CEO
Stericycle

Charles A. Alutto is the former President and Chief Executive Officer of Stericycle, Inc. Charlie oversaw the strategic direction of the \$3.6 billion services company based out of Lake Forest, Illinois as CEO from 2013 until 2019. Stericycle is a global leader in outsourced business-to-business services including regulated waste services; compliance training; secure information destruction; live voice and automated communication services; and product recall and retrievals.

Prior to being named CEO in January of 2013, Charlie served in several leadership roles at Stericycle. His career with the company began in 1997; Charlie had served as an Area Vice President of Sales for a company acquired by Stericycle. From there he moved into roles as Vice President of Healthcare Sales and Marketing, Vice President and Managing Director of Stericycle Europe, and President of Stericycle US Healthcare Compliance Solutions. Before joining Stericycle, Charlie spent nine years with the New York-based Environmental Control Company.

Charlie was named to the 2014 Institutional Investor Magazine All American Executive Team (ranked #3 CEO for Business, Education and Professional Services – Buy Side) and one of “75 People to Know in Chicago Healthcare” by Becker’s Hospital Review. Charlie also served on the Stericycle Board of Directors from 2012 until 2019. Charlie also served on the Foundation board for the Shirley Ryan Abilitylab in Chicago. In 2018, Charlie became a Director for Road Safety Services , a private company based in Omaha, Nebraska.

A native of New York, Charlie earned a Bachelor’s of Science degree in finance from the Providence College in 1988 and Masters of Business Administration from Saint John’s University in 1991. Charlie is married with four children. He enjoys skiing, golf, and platform tennis
