

### REQUIRED FOUNDATION COURSES

These courses are required for conferral of the MBA Degree.

ACC 203/204 or (MBA 548)	Financial Accounting and Managerial Accounting
FIN 207/FIN 308 or (MBA 532)	Managerial Finance I & II
ECN 101/102 or (MBA 533)	Micro and Macro Economics
MTH 108	Mathematics for Business Analysis
FIN 217 or MTH 217	Statistical Analysis
MKT 205	Principles of Marketing

Students in this program will complete twelve (12) graduate business courses: nine (9) core and three (3) electives. The core MBA courses are designed to be taken as a group, encouraging team-based learning. The program begins with a summer internship, designed to help students apply their work experiences to further class discussions. Students will take both core business courses and electives throughout the program. Students will also engage in an interactive business project or case competition as part of the program in many cases designed with specific accounting focused cases and projects.

Elective III*	Prerequisites will vary by course

\* Accounting Cohort students are waived from MBA 603: Acct. and Decision Making in Organizations and will take a third elective in its place.

# PROVIDENCE COLLEGE

 **MBA Program**

## Accounting Cohort Plan of Study

The one-year MBA Accounting Cohort Program is designed for students with a background in accounting to complete an MBA degree in 13-14 months full-time; summer to summer. The coursework is designed to prepare students for the CPA and is focused on providing skills for accounting majors to be successful in future positions in management. Students in the program will take courses, together, in a cohort model.

Please note there are limited spaces available in the Accounting Cohort Program. Students may decide to apply to one of the more flexible programs (4+1, Full-Time, Part-Time). However, there is limited seating in accounting electives for students who are not in the Accounting Cohort Program. This program is only available for full-time students who are currently an accounting major or have completed a business degree in accounting.
