At Providence College, we view parents and families as a vital part of our College community and we understand that family support is an important component of a student’s success. By parents and families we mean moms, dads, guardians, grandparents, siblings … anyone who loves and cares for your student.

The Providence College Parent Program strives to provide you with the necessary information and resources so that parents and the College can work collaboratively to enrich the educational journey of our students.

When you need help navigating the campus community, want information about parent programs and resources, or need to find contact information, the Parent Program is here for you!

Program Goals
1. Inform and educate parents about the PC experience.
2. Provide helpful resources to parents to foster students’ growth and development.
3. Collaborate with other campus offices in support of parent issues.
