

## Research Student Application

---

In the Family & Development Lab—located in Sowa Hall 0134—we explore the dynamic interactions between marital conflict, parent–child attachment, and parenting on children’s development, particularly with regard to psychopathology, like depression, anxiety, aggression, and delinquency. Each member of the FamDev team is a Providence College undergraduate who has taken PSY 306 (Child and Adolescent Development), at least started taking PSY 201/202 (Research Design and Statistical Analysis I & II), and has experience working with children. Each semester, there are a limited number of positions in PSY 395 (Research in Psychology), but volunteer positions may be available if you’re passionate about child development and are interested in gaining research experience. If you are interested in joining the Family & Development Lab, please return this completed application form to Dr. Warmuth (Sowa Hall 0119).

Name:

Major:

Year (circle one):    Freshman        Sophomore        Junior        Senior

Live On/Off Campus (circle one):    On Campus        Off Campus

Do you have a car (circle one):        Yes        No

Birthday:

Phone number:

Email:

PSY 395 (3 credits) requires a commitment of 8–10 hours per week. This time would include weekly lab meetings, article discussions, lab preparation, recruiting families, and training for and running visits. Are you able to make this commitment given your course schedule?

Discuss why you are interested in joining our research team:

Describe what you might contribute to our research team (skills, personality traits, etc.):

Please list Psychology courses taken at Providence College:

Describe any research experience (independent study, coursework, volunteer, etc.):

Describe any experience you have working or interacting with children:

Describe your experience working with technology:

Describe what you hope to gain from this experience:

If unable to participate in PSY 395, would you be interested in volunteering with FamDev?

Would you be interested in volunteering in lab over the summer?

If you have any questions please contact Dr. Warmuth at [kwarmuth@providence.edu](mailto:kwarmuth@providence.edu).  
Thank you for your interest!
