University Requirements and General Education Notes:

- US and IL are abbreviations used to designate courses that satisfy University Requirements (United States and International Cultures).
- W, M, X and Y are the suffixes at the end of a course number used to designate courses that satisfy University Writing Across the Curriculum requirement.
- GWS, GQ, GHW, GN, GA, GH and GS are abbreviations used to identify General Education program courses. General Education includes Foundations (GWS and GQ) and Knowledge Domains (GHW, GN, GA, GH, GS and Integrative Studies). Foundation Courses (GWS and GQ) require a grade of C or better.
- Integrative Studies courses are required for the General Education Program. N is the suffix at the end of a course number used to designate an Inter-Domain course and Z is the suffix at the end of a course number used to designate a Linked course.

Program Notes:

- Only students who have gone through the entrance to major (ETM) process and have been accepted into this major may register for junior and senior-level EET and CMPET courses.
- Permissible Math substitution: MATH 140 instead of MATH 83.
- If ENGL 15 is full, schedule a General Education Course, 2nd semester ENGL 15, 3rd semester CAS 100, and 4th semester PHYS 250.

Academic Advising Notes:

- [1] Course will satisfy First-Year Seminar requirement.
- [2] Course will satisfy Writing Across the Curriculum requirement.
