The College of Engineering along with the LGBTQ Student Resource Center invite you to "Safe Zone" Training

Tuesday, November 10th
11:00 a.m. – 2:00 p.m.
222 IST Building

The Engineering Community is invited to take part in "Safe Zone" training which increases visibility around the lesbian, gay, bisexual, transgender, queer and questioning (LGBTQ) population, to understand the issues facing LGBTQ students, and become aware of the various LGBTQ resources at Penn State.

This three hour training session provides a foundation of knowledge needed to be an effective ally to LGBTQ students. Individuals who complete this training can choose to display a Safe Zone sticker in their work environment. Safe Zoners should be comfortable with LGBTQ students approaching them to talk about LGBTQ related issues, or to help students find campus or local resources.

Lunch will be provided to participants. Register by Monday, November 2nd using the online registration form or copy the following link into your browser:
