Morgan Stanley 2016 Spring Into Infrastructure Day

Morgan Stanley believes capital has the power to create positive change in the world. The biggest and most impactful changes come from people like you. If you come to Morgan Stanley, what will you create?

We invite sophomore students from all majors to apply for an opportunity to attend this half-day educational program hosted at Morgan Stanley New York City Headquarters.

Participants will gain insight into the programs available within our Infrastructure Divisions and the recruiting process, learn resume tips and interviewing techniques, and network with employees from across the Firm.

Note: A resume must be submitted as part of the application process. Participation is limited and selected candidates will be notified directly by April 13th.
