

Plan for the week - May 12-13

Important Dates:

- **Food Drive:** The Islamic Department and our HS National Honor Society are organizing a Food Drive to help people in need. Please consider donating: sugar, rice, canned food, oil, or dried pasta.

Reading Unit 5 - Word Detectives (strategies for decoding)

We are learning to:

- Check their words slowly
- Investigate what makes a good reading partner
- Tap into the power of a snap word

Writing Unit 5 - Writing like a Scientist (This writing unit integrates with our Light & Sound unit).

We are learning to:

- Introduce the scientific method
- Ask questions and record observations
- Create diagrams with labels

Math Unit 9

We are learning to:

- Notice patterns on a number grid
- Add and subtracting tens on a number grid
- Solve number grid puzzles

Unit of Inquiry - UOI 6 How the World Works - Light and Sound (science unit)

Central Idea: Investigation and observation help scientists understand light and sound.

We are learning to:

- We will continue with our experiments to learn about light & sound.

Guiding questions:

How is sound made?

How does sound travel?
