This week in KG2

Ask your child:

Is anyone else in your class born in the same month as you?

What does equal mean?

What sound do the 3 Billy Goats make when they cross the bridge?

In Readers Workshop Students Will...

- Realize you can read the same story over and over again
- Work with familiar stories
- Read familiar stories
- Try to match words to their stories

In Math students Will...

- Fill in graphs and learn to use that information using the words, more, less, equal.
- Continue to work with numbers, how many different ways can we make the same number

In Writers Workshop students will...

- Begin to make books by drawing, writing and stapling several pages together.
- Children will recognize that a book must have the same topic across several pages just like a real book

In our Unit of Inquiry PYP...

Using our Imagination

- Through books, art, play and science the children will discover many ways to use their imagination.

Thank you!
