The USC Student Health, Office for Health Promotion Strategy serves as the backbone to the USC Wellbeing Collective.

Together, we enable a health promoting campus and empower the campus community to create a culture driven by student wellbeing.

Future Strategic Priorities

The following strategic priorities are in queue for 2020-2021.

**Student Spaces**

**Focus:** Promote Social Connectedness

**Action step:** Identify and establish defined spaces in student unions, public areas, and academic schools for students groups to meet.

**Financial Burden**

**Focus Area:** Increase support for students experiencing financial burden

**Action steps:** Engage academic schools in discussion of financial aid policies and practices; create a comprehensive strategic plan for student financial wellbeing.

**At-Risk Substance Use**

**Focus Area:** Promote a safe campus environment that enhances students' capacity to learn and supports student retention

**Action step:** Create a comprehensive strategic plan for alcohol and other drug prevention, including completion of the Drug Free Schools and Communities Act Biennial Review.
