Symposium: Trends in Interdisciplinary PhD Education and Research in Urban Design and Planning
An organizing collaboration among students, faculties, alumni and friends.

THURSDAY, 05.30th
Location: Court, Gould Hall 1st floor, 3950 University Way NE, Seattle, WA

P.M.  Dinner: 50th Anniversary Celebration
5:30-8:30  Hosted by Qing Shen, Director of Interdisciplinary PhD program
Welcomed by Renée Cheng, Dean of the College of Built Environment; Christopher Campbell, Chair of the Department of Urban Design and Planning; Alan Heskin, Alumnus of 1975

FRIDAY, 05.31st
Location: Allen Library, the Petersen Room, Room 485, 4000 15th Ave NE, Seattle, WA

A.M.  Introduction (30min)
9:00  Qing Shen, Director of Interdisciplinary PhD Program (appointment from 2017 to now)
Rebecca Aanerud, Dean of Graduate School, University of Washington
Anne Moudon, Former Director of Interdisciplinary PhD Program (appointment from 1998 to 2000)
Paul Waddell, Former Director of Interdisciplinary PhD Program (appointment from 2000 to 2005)
Marina Alberti, Former Director of Interdisciplinary PhD Program (appointment from 2005 to 2017)

9:30  Panel 1. Emerging Urban Challenges I: Inclusive Cities (60min)
Moderator: Daniel Abramson, Associate Professor, Urban Design and Planning
Lawrence O. Akin Adeyemi (1984), Inequality and Exclusivity in Sustainable Green Development: A Preliminary Survey of Communities of Color in Seattle
Yue (Ray) Gong (2013), China's Residential Segregation and A New Form Driven by Urban Planning
Allan Heskin (1975), Housing Cooperative and Urban Commons

| 10:45  | **Panel 2. Emerging Urban Challenges II: Healthy Environment and**  
         **Transportation Network (45min)**                               |
|        | Moderator: Anne Moudon, Professor Emeritus, Urban Design and Planning   |
|        | Lin Lin (2010), From Environment, Behavior, To Public Health: Ecohealth  
         Studies in Asia                                                      |
|        | Chanam Lee (2004), Healthy Environment, Healthy People: Natural        
         Experiments in Active Living Research                                |
|        | Jinhyun Hong (2013), The Role of Numeracy and Financial Literacy Skills  
         in The Relationship Between Information and Communication Technology  
         Use and Travel Behavior                                                |
| 11:30  | Break                                                                   |
| 11:45  | **Panel 3. Innovative Research Methodologies (45min)**                 |
|        | Moderator: Marina Alberti, Professor, Urban Design and Planning         |
|        | So-Ra Baek (2013), Application of Deep Learning and Computer Vision in  
         Urban Planning                                                         |
|        | Kevin J. Krizek (2001), Channeling the Human Element to Design Our      
         Future Streets                                                          |
|        | Shishir Mathur (2003), A Building Permit System for Smart Cities: A     
         Cloud-based Framework                                                   |
| 12:30  | Lunch (45min)                                                           |
| 1:15   | **Panel 4: Interdisciplinary Collaboration (45min)**                   |
|        | Moderator: Jan Whittington, Associate Professor, Urban Design and       
         Planning                                                                |
|        | Ahmad Azimi Bolourain (1970), Evolution and Challenges of Interdisciplinary  
         Approaches to Urban Planning                                            |
|        | Sohyun Park (2001), Urban Research in Korea and a Reflection on         
         Doctoral Education                                                       |
|        | Feiyang Sun, Organizational Strategies for Interdisciplinary Planning    
         Research                                                                |
| 2:00   | Break                                                                   |
| 2:15   | **Program Building Workshop (85min)**                                  |
|        | An interactive discussion session aimed at reflecting on past           
         experiences and envisioning the future of our program as well as       
         doctoral education in urban design and planning.                       |
|        | Introduced by Xiao Shi, PhD student, Urban Design and Planning           |
|        | **Session 1:** Group Discussion (40 min)                                |
|        | Urban Ecology & Wellbeing – Moderator: Robert Mugerauer, Professor,     
         College of Built Environment                                            |
|        | Urban Environment & Transportation – Moderator: Paul Waddell, Former     
         Director, Interdisciplinary PhD Program                                 |
|        | Urban Development Processes – Moderator: Hilda Blanco, Former Chair,     
         Urban Design and Planning                                               |
|        | **Session 2:** Summary by Group (15min each)                            |
| 3:30   | **Closing Remarks**                                                     |
|        | Qing Shen, Director of Interdisciplinary PhD Program                    |
Parking and Directions

Guest parking on campus and street parking as well as their rates are shown in the map below. Gould hall and Allen Library can also be access by KC metro bus route 271, 273, 44, 45, 49 and 70.

Additional information for direction, please see:
