

Coloring the New England Forests

Coloring pages from the Zofnass Family Gallery

Gray Wolf
Canis lupis

Barred Owl
Strix varia

Great Horned Owl
Bubo virginianus

Moose
Alces alces

Red Fox
Vulpes vulpes

Coyote
Canis latrans

Groundhog
Marmota monax

Aceraceae

Maple Family

Maples make up the family Aceraceae. The latin word "acer" means "sharp," a reference to the characteristic points on maple leaves. Their paired, winged seeds are popularly known as "whirlybirds."

Red Maple with fruits
Acer rubrum

Mountain Maple
Acer spicatum

Red Maple
Acer rubrum

Red Maple with fruits
Acer rubrum

**Coloring the New England Forests: Coloring Pages from the
Zofnass Family Gallery at the Harvard Museum of Natural History**

These coloring pages are just a selection of the scenes depicted in the [New England Forests](#) exhibition in the **Zofnass Family Gallery**. This exhibition explores the natural history and ecology of our regional forests, their responses to human activity, and their environmental significance. Visitors are invited to explore the ecology of woodland caribou, wolves, and other wildlife of New England; learn about lichen cities that cling to rocks; and discover the circle of life within and around a forest pond, from tiny aquatic insects to giant moose.

(Cover) **Eastern Meadowlark**, *Sturnella magna*, Museum of Comparative Zoology, Ornithology Collection MCZ 337790

Gray Wolf, *Canis lupus*, Museum of Comparative Zoology, Mammalogy collection MCZ 32839

Barred Owl, *Strix varia*, Museum of Comparative Zoology, Ornithology collection MCZ 337802

Great Horned Owl, *Bubo virginianus*, Museum of Comparative Zoology, Ornithology collection MCZ 337803

Moose, *Alces alces*, Museum of Comparative Zoology Mammalogy collection MCZ 63290

Coyote (Rear), *Canis latrans*, Museum of Comparative Zoology Mammalogy collection MCZ 32545

Groundhog adult, juvenile (Right front), *Marmota monax*, Museum of Comparative Zoology Mammalogy collection MCZ 66424

Red Fox (Left front), *Vulpes vulpes*, Museum of Comparative Zoology Mammalogy collection MCZ 6687

Red Maple with fruits (left), *Acer rubrum*

Mountain Maple bark sample (top), *Acer spicatum*

Red Maple (right), *Acer rubrum*
From the collections of the Harvard University Herbaria

Harvard Museums of Science & Culture (HMSC) is a partnership of four Harvard museums that present captivating programming for all ages and a dynamic array of permanent and changing exhibits. HMSC invites you to connect with Harvard University's distinctive collections and vital research on human civilizations, biodiversity, and the history of Earth and science.
