EDUCATION

Bachelor of Science in Computer Engineering

May 2020

Minor of German

May 2020

Minor of Mathematics

May 2020

University of Arkansas, Fayetteville, AR

GPA: 3.578

- Member of the National German Honor Society Delta Phi Alpha
- Member of the National Society of Collegiate Scholars

COMPUTER SKILLS

Language Proficiencies

- I'm currently fluent in a plethora of languages including C++, Java, Python, JavaScript, HTML, VHDL, Verilog, C, and NodeJS.
- I'm currently learning to develop android applications, write software for embedded systems, and create databases using SQL.
- I'm opened to learning any language and am confident in my abilities to quickly pick up a new language due to my experience in other languages.

WORK EXPERIENCE

Team Leader of TruLogic Graduate Research Lab

March 2019-Current

- Team Leader of the Structural Checking Hardware Security project.
- Large scale java-based software
- I will be presenting a paper I've co-authored in September 2019 at HPEC.

PERSONAL SKILLS

Open to Learning

- Willing to learn new languages and new skills to perform any tasks given

Problem-Solving

- Excellent at reading and debugging code and working through given problems

Communication

- Strives to write clean code that can be easily read by others
- Proficient at reading and understanding code written by others as well as helping others to understand code written by myself

Teamwork

- Successful at accomplishing individual tasks to benefit a team working towards a larger goal
