LGBTQ+ Western is pleased to endorse the first International Pronouns Day. International Pronouns Day seeks to make asking, sharing, and respecting personal pronouns commonplace.

Have you heard people sharing their pronouns when introducing themselves and wondered why? Do you want to respect people’s pronouns but worry about making mistakes? Students, faculty, and staff are invited to this Lunch & Learn session to learn about why respecting people’s pronouns is important and practice strategies for incorporating respect for people’s pronouns into your classes and daily interactions. Bring your lunch and join the conversation!
