Journal Vouchers and Uploads

June 24th  Journal vouchers for July 2019 - May 2020 activity should be complete
July 6th  June uploads due to Accounting by noon
         Unapproved FY20 journal vouchers will be disapproved by Accounting Services
July 7th  June closes and accrual period opens
July 8th  Disapproved FY20 journal vouchers can be resubmitted as accrual period journal vouchers
dated 06/30/2020 (date entered must be 30)

         ensure all approvals are recorded
July 28th  Accrual period uploads due to Accounting Services
July 30th  Accrual period closes

After July 30, 2020, no further adjustments to the accrual period will be entered unless approved by
Accounting Services as needed for accurate financial reporting.

Begin reviewing your monthly accounting reports now and initiate any necessary corrections as soon as
possible. You do not need to wait for Accounting Services to distribute June reports to begin reviewing.
You can run your own reports as soon as June closes, or view your data through FAST Finance or Web4U
Finance self-service. This will give you more time to generate a journal voucher for any changes needed
before the closing period deadline.

Any department that charges for services such as telecommunications, copy services, copier support, and
facilities must upload June activity by July 6, 2020 or July 28, 2020 for accrual period entry. Work
performed in June must be billed to FY20.

We will be open simultaneously during the closing/accrual period for both FY20 and FY21. It is important
that departments date and upload journal vouchers as 06/30/2020 to post to the FY20 accrual period.
Please ensure that June 30, 2020 is the date used. If a July date is used, the journal voucher will post to
FY21.

Please contact Mike Ulrich at x3675 or Jan Tucker x3689 with any questions.

Redistributions

June 9th  Last day to submit July 2019 - April 2020 payroll redistribution requests
July 9th  Last day to submit May - June 2020 payroll redistribution requests

Inventory

July 8th  Summary of inventory counts due to Accounting Services

Departments having consumable inventory with a value greater than $50,000 or merchandise inventory of any value must take an annual physical count. Inventories at Print Plant, Health Services, Copy Services, Lockshop, Mail Services, Physical Plant, Associated Students Bookstore, Student Recreation Center, Chemistry, and Telecommunications must be counted as of June 30, 2020.

If you have questions on whether you need to do an inventory count, or you need help with inventory count procedures, contact Mike Ulrich at x3675.

Invoices / Payments

June 26th  Final FY20 check run for Accounts Payable
June 26th  Final FY20 Student Account check run
June 29th  Final FY20 Bookstore check run
July 6th   First check runs for FY20
July 8th   Last day to return approval letters / submit invoices for FY20 purchases

Invoices and direct payments will continue to be recorded as expenditures in FY20 if the goods and services have been received prior to July 1, 2020. When sending approval letters to Accounts Payable, please be sure to specify the date received so we can record the invoice in the correct year. After the close of the accrual period on July 30, 2020, invoices for FY20 expenditures will be tracked and recorded to FY20 if the total amount is deemed to be material for that fiscal year.

Departments are not to hold onto invoices or misdate approval letters thereby charging them to the incorrect fiscal year. If your department closes during June, please have all invoices sent to Accounts Payable, MS 1420, and designate someone to serve as a budget authority to approve invoices for payment.

Travel

July 6th, 3 pm  Travel Reimbursements submitted through June 30, 2020 must be completely approved. (Unapproved TEM documents with a June report date will end in an error.)

July 17th  Deadline for FY20 travel submissions. Documents submitted after this date might not be approved before the year-end.

July 29th, 3 pm  Approvers must completely approve all travel. Documents not completely approved by this date will post expenses to FY21.

Travel reimbursements submitted through June 30, 2020 (TEM Only) must be completely approved by 3:00 pm before July 6, 2020 to ensure the reimbursement does not end in an error. Reimbursements with a June report date not completely approved by 3:00 pm on July 6, 2020 will need to be returned or it will end in an error. Travelers will need to change the reimbursement date to July and resubmit the reimbursement.

Documents submitted starting July 1, 2020 will automatically carry a July date and will not be affected by this issue. Report dates will not need to be adjusted at any other time.

If you will be out of the office before July 31, 2020, approvers must set up a Proxy Approver or ensure they have VPN Access to approve from off-site. This will prevent documents from ending in errors and/or not posting to the correct fiscal year.

Deadline to submit Travel Reimbursements in TEM/Concur for FY20 is July 17, 2020
All FY20 documents must be completely approved by July 24, 2020

Please be sure to generate your TR (Travel Reimbursement) from your TA (Travel Authorization). See the Travel Reimbursement page for instructions and more information. Keep in mind that expenses submitted after 60 days must have a “Taxable Reimbursement” expense type to meet IRS regulations.

If travel begins in FY20 and ends in FY21, how are expenses incurred in both fiscal years?
When a traveler returns from a trip that began in FY20 and ended in FY21, generate the TR from the approved TA, but do not change the report date from the defaulted July date. After July 1, 2020, expenses will post to the new fiscal year (FY21). Accounting Services will process a journal voucher to move only the expenses with a June date to FY20 and expenses with a July date will remain in FY21.

Please contact Sally Parsons at x3341 or Travel.Services@wwu.edu with questions.

Please take appropriate steps to eliminate deficit balances prior to the fiscal year close, working with your division budget officer, as necessary. FY20 budgeted funds not spent by fiscal year end closing will be handled per the policy established by the Provost or divisional Vice President.

Self-Sustaining Budgets (All Other Funds)

For self-sustaining funds, the ending balance (beginning fund balance plus actual revenue minus actual expenditures, plus or minus transfers) will be carried forward into FY21 and displayed as the beginning fund balance.

Please contact Faye Gallant at x4762 with questions.
