In Spring 2020, Western’s Office of Institutional Effectiveness (OIE) administered a survey in partnership with the Associate Vice President for Enrollment Management that focused on enrolled students’ experiences during the Covid epidemic. All WWU undergraduates were surveyed (approximately 13,100 students) and we received responses from 6394. Below are responses to most of the questions on the survey. Not all students responded to each question and the questions involving open-ended responses are not reported here. For questions, please contact john.krieg@wwu.edu.
