TOP TIPS

- Meet with advisor once a quarter – at minimum two weeks ahead of registration for the next quarter.
- Know and understand the basics of registering for classes- time to register, plan course options ahead of time, and be familiar with required courses and graduation requirements.
- Create a course plan prior to registration each quarter, and include alternatives in case some courses are not available.
- Use Degree Works – questions contact advisor bns@wwu.edu or 360-650-2148.
- Attend instructor office hours to ask questions about lecture material, assignments, and readings.
- Use the library to complete coursework and build important research skills.
- Take advantage of tutoring. The tutoring center in the WWU library provides free chemistry, biology and math tutoring.
- Make your time outside of WWU count, take time to explore career options and pathways.
- Apply for scholarships by visiting the BNS and/or WWU Scholarship Center websites!
- Attend seminars from visiting speakers across disciplines.
- Network at events and build informational interview skills.
- Join student clubs! Neuroscience Research Driven Students (NeRDS) for example.
