September, 2021

Dear Parent/Guardian:

In order to communicate any unanticipated changes (weather cancellations, heating issues, etc.) in the school day, the school district will be sending out a message via home phones, cell phones and email (Connect-Ed) as soon as a decision is made. It is important that you keep your child’s school up-to-date with this information. Please be sure to return the Emergency Information Card as soon as possible and continue to keep your school apprised of any changes throughout the year. This will facilitate notification of any changes as they occur.

Cancellation and delayed opening information will be available by going to our website: http://www.sufferncentral.org. Any delay or cancellation information will appear on the opening page. In addition, this information will be listed on our official District social media channels, Facebook (@SuffernCentralSD) and Twitter (@SuffernCSD).

Announcements concerning the operation of the schools will state one of the following:

No school for Suffern Central School District. On such days all school activities are canceled. Families will receive a phone call and an e-mail message through Connect-Ed. This is yet another reason to keep your child’s school apprised of any changes in phone number or e-mail address.

Delayed opening for Suffern Central School District. Bus pickups will then be delayed for the designated period of time. Once again, families will receive a phone call and an e-mail message through Connect-Ed. Should that status change to School Closing, you will be updated by Connect-Ed. On any days that a delayed opening takes place, schools will dismiss at regular times.

Early dismissal for Suffern Central School District. When conditions are such as to warrant sending the students home early, a message will go out from Connect-Ed. In homes in which both parents work, parents are asked to make arrangements with neighbors and instruct children where they should go if an early dismissal occurs.

Thank you for your cooperation.

Sincerely,

P. Erik Gundersen
Superintendent of Schools
